Wrist Wraps

Made of Mediplus fabric

- Thermovent breathing action

Absorbs perspiration, moving moisture away from the skin.

Ideal for long-term use

Provides compression and warmth to wrist, palm and thumb.

Recommended by General Practitioners, physiotherapists and occupational therapists.

Wrist support and warmth for

De Quervains tenosynovitis

Arthritis

Carpal tunnel syndrome

Directions for use

Wear wrist wrap against the skin.

Wash wrist wrap in warm water using a mild detergent.

Rinse in cold water and dry outside in the shade.

Important points to remember

Use water based moisturizers under the wrist wrap.

Should skin irritation or rash develop, discontinue use and contact your doctor.
